Hello

I'm a small producer who has hired from CL many times before with great success.

Looking for girls with big feet to model. Specifically their soles, size 9 and up. There is no nudity, no implied nudity, and no funny business in any way.

The gig is very simple, and no prior experience is required. I compenstate per hour and in cash before the shoot. I am looking for woman with shapely feet but anyone is welcome to apply. Any questions just ask.
