Request bids to repair and stabilize solid oak frame and metal support system of 1970's couch. The decorative caning on the arm ends of couch and 2 chairs, totally 6 ends, either needs to be replaced with caning or repaired by another method. Please offer suggestions and cost of each.

I plan to make new cushion covers and sell this couch with the matching 2 chairs. I would like repairs to be completed before January 1, if possible, sooner would be appreciated.
