

875 2br (9002 USD)

Location

Missouri

<https://www.genclassifieds.com/x-710309-z>

Make all of your friends jealous with the quality/location/price of your apartment. This apartment is ideal for anyone who hates a long commute & loves being near all of the essentials. Our building is located across the street from Schnucks, Five Guys, Wing Stop, and Jack-in-the-Box with plenty more restaurants within steps of your front door. Need furniture? IKEA just opened up a couple blocks away. In the mood for a drink? The Block is a great local bar/restaurant just 5 minutes walk from your door with a great happy hour & a quick drive (cheap UBER) from all of the famous bars/restaurants on Euclid. Only a ten minute commute to downtown.

This nine story building is one of the only high-rises around that features central air (essential for the brutal St. Louis summers). No need for a shared rooftop, your unit features a private balcony with amazing views of the city. Plenty of counter space, a dishwasher, fridge/freezer, stove, and breakfast bar complete the kitchen. Separate dining/living rooms make up the common space (a rare find in local apartments). You'll also love the abundance of closet space.

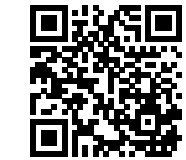

Save on utility bills, your unit is all electric. Don't worry about hauling your laundry to the basement, there's a laundry facility in the basement. Need extra closet space? Each unit comes with a storage locker. Gated parking is also available.

These units rarely come up, so book yours before it's too late! Email or call/text Kyle at to learn how TODAY!
