I'm looking for a new time at the end of the bird so I can be as early as possible, and I can't wait 30 min to an hour when I have someone else coming after, it's inconvenienting the next person and also my personal time. Not being mean but it's just business so please be considerate :) Thank

If I don't get a response when I confirm the day before your appointment, I will cancel your appointment...PLEASE call or text if you can't make it or change your mind because others may want that spot!*** AFTER 20 MINUTES LATE I WILL CANCEL APP.
