

# 650 Engine Replacement. ASE Certified (Raleigh)

Location **North Carolina**  
<https://www.genclassifieds.com/x-710411-z>

We'll find you a replacement engine with 50,000 miles or less and offer a 3 month warranty! Our prices are unbeatable because we use perfectly good low mileage engines that come straight from Japan, where auto maintenance is very expensive and cars in great condition are recycled after only 5 or 6 years. At HONDA INC, our used engines start at \$500 with labor starting at \$650. We guarantee you great work and quick turn-around so you can save time and money and be back on the road as quickly as possible!

We Specialize in the repair and maintenance of Honda, Acura, Toyota, Nissan, Mazda and Subaru vehicles. Please check out our reviews on google, YP and yelp.
