

# FOUND DOG, LAB CROSS (CALLAWAY)

Location **North Dakota**  
<https://www.genclassifieds.com/x-710464-z>

A black lab cross, female with collar and rabies tag, wandered into the yard tonight. Soaking wet and full of burrs. Very nice dog, let me rub her dry with towels and take the burrs out of her fur without any trouble. I assume she was with some hunters and got lost. I am on County Road 110 northeast of Callaway, MN by St Claire lake. Please call if this is your dog. Thanks!

Becca
