I need a guitar player that can play the licks on my 4 self penned CD's plus some other outlaw covers like Hank, Haggard, Cash & Earle.

Check out my stuff and message me

If you have a day job you can't get away from or don't know any of the artists mentioned above please don't waste my time.

Yes this is a 'paying' gig

My self penned CD's are all over everywhere from Pandora, Spotify, Rhapsody and everywhere else on the planet music is played and sold
