I play guitar and/or drums. Looking to join a project or start a new band. I have a bunch of tunes mostly written which could be used or not.

My music/style isn't unlike The Buzzcocks, Marked Men, Protex, Exploding Hearts, Together Pangea, The Jam, The Replacements, Go Betweens, you get the idea.

I'm open to playing drums or guitar, and am looking for bass, keys, guitars, etc etc.

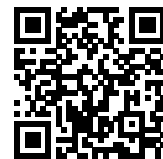

If youre interested, shoot me an email telling me a little about yourself, what you're into, what you play, what you want out of a band, and whatever else you feel may be pertinent to the situation and Ill send you some recordings of the songs ive been working on..
