

## Need someone to haul away 10 small trees (Irmo)

Location

South Carolina

<https://www.genclassifieds.com/x-710569-z>

We are looking for someone to haul away several trees that we'll be cutting down on our property. You must have a large flatbed or trailer as some of these trees will be at least 10 feet tall. You won't have to load them, we'll do all the work. We just need them removed from the property. Where you take them is up to you. We will pay between \$100-\$150, depending on if it takes more than one load. This will happen on Wednesday November 4th, around 4pm. Date and time could possibly change depending on the weather, but we'll stay in contact to let you know in advance. Please reach out if you are interested in making a few bucks. Once confirmed, will provide address and phone number to reach us.
