Three kittens from litter born March 19th left: all black and white, 2 female one male.

One female and one male are long hair, the other female is short haired and a lot smaller than the "twins". FREE TO GOOD HOME. we have too many cats.

Last kitten from August 30th litter left, black and white unsure of sex \$20 rehoming fee.

Mother is also available due to we cannot take care of her. She is two years old, mostly white with block spots.

All cats have not been taken in for shots or been fixed, they all have been flea treated though. Thank.
