I am looking for a loan for \$3,000 for three weeks. I will pay the loan back plus \$750.00 for doing the loan. I got three jobs going on and I need the loan to get us by to the jobs get done. I will do whatever you need to do I will sign loan papers or even get my lawyer to draw up papers. I will not need the loan for no more than three weeks. I really think that is a fair amount to do the loan. You may call me @

Please dont email me telling me I can do this or that I'm doing it this way and if someone wants to make \$750 for three weeks than give me a.
