

200 AMP BREAKER BOXES WITH BREAKERS (20 USD)

Location **Missouri**

Don't have any more with front plates. People have found doors easily for them, however.

200 AMP Challenger models. 14-bay breaker set.

I ONLY HAVE 3 LEFT! YOU ARE WELCOME TO COMBINE BREAKERS TO MAKE AS MANY AS YOU NEED.

You are buying the box and breakers. These do not have the main 200 amp breaker as they were run off a master unit and fed off each other in an apartment building and not run individually.

Asking \$20 / each. You can't even buy several breakers for that!
