

# Jawbone Era Bluetooth Headset Barely Used Black (40 USD)

Location **Minnesota**  
<https://www.genclassifieds.com/x-711177-z>

I am selling a barely used Jawbone Era Headset. I bought this to use in my car, but ended up shortly thereafter getting a stereo with built in bluetooth and microphone. The era is in mint condition, works perfectly, and includes everything as if purchasing new. Includes: Headset, Battery Extender Charging Case, USB Cable, Ear piece cups, Documentation, and Original Packaging.

Must be willing to pick up near my apartment by Rudolph's in Minneapolis.

Let me know if you have any questions and thanks for looking ^\_^

I will promptly remove this post after item.
