I'm looking for a few female models ages 18+ For some practice shoots I want to do outdoors since it's very nice. Right now I'm not looking for anything specific there will be two looks and will take no more than 2 hours Ages 18-30 would be ideal since that's the age range I am in as well and feel comfortable working with that range. I'm looking for something artistic as well as exotic. Please feel free to e-mail with any questions and please include photos and your name. Thank you for your time & consideration.

It's a lingerie shoot so let me know what you have as well summer dresses are great as well.

Thanks!
