Do you need immediate child care? Hosting an Au Pair is a very dependable and affordable option for childcare. It is \$353/week for 45 hours of live in childcare (or PT \$300 for 30 hours).

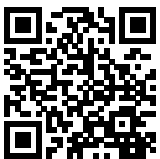

They can help with tasks around the house such as light housekeeping, children's laundry, meal preparation and much more. Au Pairs can also drive which helps if your kids attend school or a preschool program. Hosting an au pair is a very flexible option, you can set the schedule every week, hours can be during the week, weekends or evenings too.

Many Au Pairs are professional teachers, and have years of early childhood education, pedagogical education, and experience with babies, groups of children and babies, even infant multiples. Au Pairs are screened, personally interviewed and meet regulatory requirements that include background checks, verified child care references and more.
