I have for sell my 2001 Ford Escape XLS. It is in very good shape. I have replaced a couple parts including a new clutch, shifter cables and timing belt. I have also replaced normal wear and tear parts including the fuel filter, plugs and wires and fuses. The inside is in great condition and very clean. The air, heat, cruise and 4x4 all work perfectly. I drive it in Cozad nearly everyday. The only issue at all with this is the timing belt needs adjusted. It has 161,619 miles which are mostly highway miles. This is Cash Only, no trade. The title is free and clear. I also have the original bill of sale and manual. Feel free to set up a time to come and view and test drive if you know how to drive a clutch.
