Unfortunately, we have to rehome our 2 year old male ferret, Mr. White. He is a very good boy. He doesn't nip or bite. He was born deaf but that doesn't cause any kind of problems for him. We will include his 3 floor condo, it stands almost 5 ft tall. Also, his toys, a collar and leash, a soft pet carrier for him, some shampoo and fresh spritz, a new bag of litter and whatever food he has left. We can deliver him if needed. We are asking a \$150 rehoming fee, but can be negotiated for the right person. We prefer someone who has other ferrets or someone who has experience with them. We need to find him a home by Friday evening or Saturday morning and we can be reached by email or text.
