All Japanese, and European ASE Certified auto tech. 35 years experience. Home based, full service shop, is located near Centennial Elementary school (I'm not a roving mechanic) I also do total custom work and fabrication, I.E. suspension lowering and all out performance mods-turbo kits etc. My rates are dirt cheap @ only \$45.00 per hour, and \$60.00 per hour for Audi's and Porsche's. + shop supply's and HIGH QUALITY parts from IMC.....call Scotty's Wagen Werks at

P.S. I am a Factory O.E. Wholesale parts suppler and prefer to supply the parts needed for your auto. If you insist on supplying your own parts my hourly rate will increase \$10 per hour, to offset the loss of part sales. And if your parts fail, that is on you, I will not warranty customer supplied parts, unless they are O.E. manufactured parts. Sorry but most shops don't even give you a choice!! .....thanks for your business!! .....scott

p.s. I do NOT pull (remove) or swap any engines, (accept old air-cooled VW motors) Nor rebuild any sort of transmissions. No A/C service of any kind, or auto trans flush service (not equipped) I am a small 1 man, 1 lift, shop and just can't tie things up on major repairs. Also will not work on some Audi's. ....!!
