Hi my name is joel are you looking to get concrete done or some landscaping and just dont have the time or cant afford a big company to do it well i am your guy. i have twelve years of experiance. as u can see in the pictures that was hand dug it took me a week to have it ready for the following saturday for the pour. there will be more pictures to come once landscaping is all done. if u have read my info this far then hopefully your are interested. serious people only please.

We will hand dig up to a 6\*6 area anything bigger will require a skid loader.

we do patios/ rounded patios,driveways, n sidewalk/rounded sidewalks.

we make our work look good we do shadow boxing, broomed/checkerd board broom, joints only on certain sizes.

it will be fridays n weekend work only.

we will do rip outs up to a 8\*8 area anything bigger will need a dump truck.

will do colored concrete too.

i will try to beat the conractors prices too so please give me a try. I make sure my work is always good i never leave a job with bad work.?

You can get a hold of me thru phone/text at or thru email
