Beware of Coastal Painting Services, Peter Early, aka; Buddy. He uses several different names. This is not a legitimate business. This is a scam operated by Peter Early. A morbidly obese, drug addicted con man. I should have googled him, before letting him ruin my house. He has numerous cases pending in Salem district court for taking deposits and disappearing. He posts on craigslist posing as a satisfied customer, defending all his negative reviews. He uses his loser friends as references, to pose as previous customers. He uses pictures of other peoples work and masquerades them as his own. He claims to do it all; painting, carpentry, tile, drywall, flooring, ANYTHING to get your money. The little work he does do is horrendous. I had to hire a reputable company to fix everything he ruined. He has no license or insurance. His so called "office" address is 8 green street in Salem, a rooming house where he and his boyfriend live in one room that they rent weekly.
