We are looking for a lawyer that will appeal our case to the Vermont Supreme Court.

It is a real estate foreclosure case that is well over six years. The case has been back and forth

for these years at a great cost to us in fees and lack of full use of our property. And as such have very little cash on hand and no way to get any on this market so we will need you to take our case on a contingent basis or trade. I would be glad to answer any questions you may have by email ,phone or in person. Thanking you ahead of time, Art
