

Snow Thrower Tune Ups and Repairs. Less than one week turnaround (Greater Milwa

Location **Wisconsin**
<https://www.genclassifieds.com/x-714228-z>

I repair and tune up all makes and models of snow throwers. Toros, Ariens, Yard Machines, Craftsman; I've repaired hundreds of machines and have most needed parts in stock.

I can usually be at your office or place of residence within several days and when I leave you have a working snow blower.

Give me a call before the snow hits and we'll make an appointment. Most tune ups cost \$60 to \$75 including regular tune up parts and a tuneup fixes most "it won't start" issues.

I definitely have openings next week. I go all over the Milwaukee area so if you're wondering, just give me a call at I also have great ratings on Angies List (Greg's Small Engines)

Questions.
