Ms. Chris' Childcare is where to bring your child to learn, play, and grow! Our safe and educational environment is the foundation of a child's life. I know, because I was a preschool teacher and I know the responsibility of being the best for our children! We provide a safe and secure environment where children can laugh, learn, and grow! Everyday is a day for a child to experience their potential and to gain the development and gross motor skills they need while their minds are developing and learning!

My goal is to provide affordable childcare in the West End of Richmond at the highest level! To stand above the rest and really be the best! I promise NOT to place your child in front of a TV expecting the TV to teach them. That's MY job! To talk to your child, to teach your child, to sing to your child, to read to your

child, to cuddle your child, to have that one on one personal care and mother nurturing that your child needs and deserves! I promise to make sure your child receives the proper nutrition they need as they are growing so fast! I promise to make sure your child is in a fun, learning environment where they have access to run and play to be a kid!
