Icon Sports club offers intramural adult Sand Volleyball leagues in the Scottsdale and Phoenix Arizona areas. You can join as a free agent and get paired up with other free agents to form a team, or join with a full team. Icon Sports Club is about having fun and meeting new people.

Icon Sports & Social Club offers seasons of Co-ed Sand Volleyball 4 times a year on Tuesdays, Wednesdays, & Thursdays (coming soon) from February through November.

**SOCIAL LEAGUE** is for people who are new to the sport or haven't played in a while and need to dust the cob webs off their game before they move up to the next level. Teams are attempting to get the ball back over the net and sometimes that happens in 1, 2 or 3 hits. On a rare occasion, teams will successfully bump, set and spike. When teams are consistently bumping, setting and spiking, we encourage them to move on up to the competitive league.

**COMPETITIVE LEAGUE:** This league is probably best described as "Intermediate" as we don't have any pros that's for sure. Players in general have a well rounded skill set and are at least pretty good at 2 of the 3 skills. Setting and spiking are the main things to look for. Teams do not rotate. Sometimes a team is known for "spiking" but certainly more so when it is competitive. Teams do not have to rotate. Some teams have "specialists", i.e. people who are tall, have the height, stay around and are known for being good at the 1st, 2nd or 3rd hit. Depending on the player.
