Currently I am enrolling open spot for childcare in my EEC/MA licensed private home daycare. We have 1 toddler spot available immediately. Toddler spot is 15months+ and must be walking. Our home is brand new, has a dedicated play room, it's set back off of a quiet street for lots of safe outdoor play. We are minutes away from Route 3, and the T located in the Weymouth Landing. I have current pediatric/adult CPR, First Aid, and AED certification by the American Red Cross. I offer age appropriate curriculum, and have cared for children of all ages my entire life. We have lots of fun, read tons of books, sing songs, play outside, explore, learn and grow with each other. I look forward to working with you and your family.

Smoke free-Pet free-Nut free environment.
