Imagine a place where...

- * Everything is so shiny new ... so comfortable ... so perfect ... that you don't ever want to leave.
- * A thoughtfully-stylized gazebo offers the ideal venue for cozying up with a good book, watching the sun set behind the mountains, enjoying a Hawaiian-style BBQ with friends and family, etc, etc, etc. . .
- * Your mornings begin with a short stroll to a locally-famous bakery, whose fresh-out-of-the-oven pastries pair perfectly with your Keurig coffee.
- * A five minute drive places you on a world class sandy beach, front and center on earth's most famous surf stage, "The Seven Mile Miracle."
- * The chic-yet-quaint surfer town of Haleiwa -- capturing the awe and admiration of locals, tourists and the world press (see articles) alike -- is your home base, parts even within walking distance.
