Thanks for stopping by!

Our mission is to get the message out to those non-custodial parents that there is support and assistance. We are in need of supporters who want to be more involved and those who understand the rights for non-custodial parents have across the United States. Help us spread the word within your community so we can all grow or help someone we know become more involved in their children's lives.

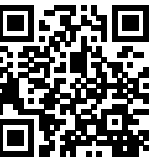

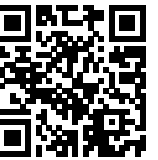

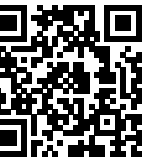

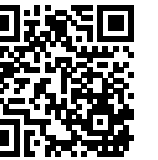

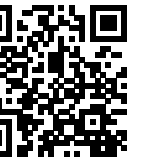

Since 2004, Fathers, especially those that wish to remain a very influential part of their children's lives face many challenges when it comes to separation, divorce, custody, child support, the legal system, and etc. Now we've notice the increasing need to assist non-custodial mothers as well enduring the same heartache. We are a group of custodial and non-custodial parents coming together to promote the importance and need of fatherhood after the breakup of the traditional family.

We are looking for assistance from anyone in the legal system, anyone with skills in marketing, event planning, social media, and anyone who would like to get involved for the cause.

We are a resource center, a learning hub, and a support group for all brotherhood!

Please check out our site to gather more information about who we are. We are a 501c-3 nonprofit org that see's the immediate need and impact this can change in communities across the US and in our community.
