Conducting interviews for mobile app developers. We are making a multi-platform multi-million dollar app. Must be able to make Android, iOS, and windows phone applications. Must be able to link, retrieve and display data from online database. Must be able to use google maps API. Interviews will be conducted at our downtown portland office. Must be able to work locally in our office full-time.

Requirements:

- 1-year C# and Windows SDK
- 1-year Coco, Objective-C and Swift
- 1-year Java and Android SDK
- 3 years Objective oriented programming.

Degree is not required, I don't care what you learned in school, 90% you will never use or see again, I only care about what you can do.

Show me examples of your work or I can give you a test program. I only have 2 positions available, so this will be competitive. Please include a phone number where you can be reached.
