

Vickies Play School

Location **Vermont**
<https://www.genclassifieds.com/x-714921-z>

As a multi-aged play based preschool, my job as an early childhood educator is to help you best prepare your child(ren) for school. With that said, I offer an emergent curriculum where your child will receive a balance of teacher directed instructions (circle-time, reading & projects if interested) and free play that allows your child to engage/socialize with others or on their own while using their imaginations throughout the classroom (dramatic play area, rice/sand table, climbing structures, blocks, cars/trucks, books, puzzles & more).

I also have a large fenced in yard with a large play structure, children's garden, mud kitchen and hill for sledding in the winter. We also take walks and go on trails in the woods.

I've been an Early Childhood Educator for 13 years and currently have 3 STARS. I serve breakfast, lunch and afternoon snack.

Hours are 7:30am - 5:15pm

Current opening(s)
 1 full-time for a child 2yrs
 1 part-time (2-3 days) infant or older

Please feel free to contact me with any questions you might have or to come visit our classroom.
