5 kittens now big enough for their shots are just about ready for new forever homes. We have 4 boys and 1 girl. We will post better pics. 2 kittens are medium hair, brown tigers with fluffy white chest and feet, 2 are more of a mix tiger with white chest and feet and our 1 solo girl is all tiger. They are about 2 lbs now, a little over 2 lbs. They have been vet checked and their mother was tested for leukemia/FIV. They will get their first set of shots this week. They are all super sweet and very playful. They are people oriented and like to be held...when they aren't busy playing! We would like them to go in pairs or to homes with other pets.

An application is required.

Thank you
