MANGIA

Cooking is what I LOVE to do ! I have over 15 years of experience cooking and shopping for professionals. I am experienced in Italian cooking, preparing kosher meals, and American foods. I have great organizational, planning and communication skills. I prepare quality foods that are healthy and tasteful.

My former client is a prominent Doctor in the Philadelphia and New Jersey area. I prepared daily meals for the family.

I know I have the experience and skills that you will enjoy every meal that I prepare. I would like the opportunity to meet with you and discuss my qualifications in greater details.
