

Hiring diesel Mechanics (Richmond)

Location

Virginia

<https://www.genclassifieds.com/x-715053-z>

A well-known national full-service transportation company offering short-term rentals, sales and leases is expanding their workforce to include multiple hires for experienced diesel technicians up to an advanced technician level. This Technician role will possess 4+ years of experience in transportation vehicle maintenance including Cummins, Detroit, MaxForce and Volvo products. The successful applicant will be confident using state-of-the-art diagnostic and scanning software.

The Technician should be able to complete any task assigned while working with the Master Level service technicians. Examples of the daily work can include diagnoses of most mechanical and electronic problems, utilizing diagnostic computer, meet/exceed the "standard repair time" efficiency goal, act as a mentor for lower level technicians to assist in the development of their skills, PM, Brake, Tire & Wheel, A/C, Battery Charge & Check, Warranty, Laser Alignment, and required CFC 609 Qualifications. Certifications are required. Prefer ASE T4 Brakes and T8 PM, but not required. Refrigeration/climate controls experience a plus, but not required. All vehicles are 2011 or newer.

This role offers competitive pay with the potential of a sign-on bonus. Annual incentives include cash rewards, retention bonuses; employee perks programs and discounts, 401k, full benefits, stock options, tuition reimbursement, training and advancement.

All work performed is in a clean and safe work environment with newer equipment, furnished tools and uniforms. This company prides itself on a team oriented company culture and is looking forward to welcoming you to their professional family.
