It's really easy to learn and we'll pay \$5-10 for comics depending on quality, those comics are really easy to make and usually take no more than couple of minutes for creating one.

In order to apply please do the following:

1) Download Lomics from the App Store(search "Lomics" on Apple App Store)

- 2) Create one comics and share it on Lomics App, it's super simple
- 3) Send your Lomics user-name on Craigslist e-mail
- 4) We'll contact you back with a job offer, if comics you've created will satisfy our requirements
