By the Sea 7x9.  
\$1200.00

Claire portrays life by the sea with her favorite landmarks. Rolling sand dunes, beach cottages and lighthouses adorn these exceptional designs as buoys bob and whales cavort in the gentle spray of the sea.

A lovely village by the sea. This tiny village plays out her tranquility in all the scenes pictured here. Swans drift and sailboats glide...seagulls bob and weave. The windmill whirrs and the lighthouse stands strong on this calm coastal day. -
