

Jujifruit amp Cherry adorable, bonded, young rescued cats (Melrose)

Location **Massachusetts**
<https://www.genclassifieds.com/x-715339-z>

Cherry and Jujifruit are a bonded pair of sweet, petite, playful little girls, available for adoption by a local 501(c)3 rescue organization. They appear to be about a year old. We think they're sisters because they showed up together in someone's back yard, frightened, filthy, and hungry after a neighbor moved away. They are unmistakably closely bonded.

Cherry is a sleek grey tabby who warbles an adorable chirp when she sees something she wants to chase, such as a laser dot or a foil ball. Jujifruit is a gorgeous dilute torbie (tortoise-shell coloring in a tabby-striped pattern) who is similarly playful. Both are very friendly to people and to the other cats in their foster's household. Stroke them and they will be purring within seconds, responding with enthusiastic head-butts.

They have been spayed, vaccinated against rabies and distemper, and combo-tested negative for FIV and FeLV. Their adopter will receive their medical records. As with all rescue groups, there is a simple adoption process and an adoption fee so we can continue to help other cats in need. Since they've gone through so much together and are so closely bonded, we want them to be adopted into the same home. Their adoption fee will be discounted accordingly when they are adopted together.

Cats typically live from 12 to 20 years, so give careful thought to the changes that are likely to occur in your life during that time. If you can and will commit to these little ladies and provide them a safe, loving home for the rest of their lives, then respond to this ad via email. Please include your phone number and

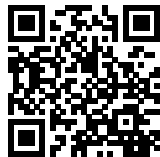

tell us a little about yourself and the home you would provide for Cherry and Jujifruit. While asking about the cats, please don't forget to ask about the home you would provide for them. We would not be able to help you if you do not have a safe, loving home for them.
