2003 Honda Civic for sale, \$1600.00. Replaced engine this year, replaced clutch last year, replaced tires last year. Replaced battery last year. This is a beater. Will get you to work and home. Will need you to care for it to keep it rolling. Don't expect anything fancy here, just an old beater that's worth the \$1600.00 I'm asking for it. Its blue, it has four doors, it has a cold AC, and a warm heater, it gets great gas mileage, it is a 5 speed. I have a clear title. I'm not posting photos, just imagine what a blue beater should look like and this is it. All your questions have been answered here. Text Terry at two two eight, 365 zero633. Its the perfect car to drive to the ship yard and park where your doors are going to get dinged and it wont matter. No body work needed, couple of skint marks on the bumper
