My wife has decided to get a different car. this has been a great and very dependable car. shes got 124k original miles and drives awesome. just had the trans serviced at a local shop and a tune up done. we just took a trip to wenatchee and the car performed flawlessly. it has a very nice alpine stereo, crunch amp, 10" kicker l7 subwoofer, all infinity speakers. the sound system sound amazing. physical condition of the car is 8/10. has some small scratches and a small scuff mark on the drivers seat.
