I am selling my iPhone 6S it is Rose Gold and the size is 64GB its for AT&T. I got this phone for my girlfriend, but we are not together anymore. So that is why I am selling it. I think the box was thrown out because I can not find it. So its just the phone for sale I paid \$750 for it right after it came out it I will take \$500 for the phone it works great it has no cracks or dents or deep scratches. I will only take cash not any other from of payment. I work in the Burlington area. I would be able to meet around town after 5pm.
