

Land Rover Discovery 2003 (2000 USD)

Location **Utah**
<https://www.genclassifieds.com/x-715808-z>

Silver Land Rover miles around 120,000ish (need to verify)
Needs a transmission job. We have a spare transmission for sale for \$150 we were going to pop in. The mechanic quoted the lady 1500 to do the transmission job and she did not want to pay it and bought a Ford Truck instead. We would do this job, but the holidays are coming up and we will be busy with family members.

The spare transmission for sale if you can't repair or tweak the one that comes with the Rover has 140,000 miles and came from a salvage car with slight body damage. It did not come from a broken down rover. The engine is strong. Third Row black seating. Nice interior. Mainly highway miles.
We also have a bumper and nice new-like tires we can negotiate on for the perfect ride.
Dealer 262A
