

2001 Toyota Prius Hybrid parts car (1000 USD)

This is a parts car. Needs to be towed out. I don't know what is wrong with it. We replaced the inverter which is expensive. Last time it drove a little bit then shut down. Could be battery, or something else. The battery, trans, engine, and other parts are worth more than what I am asking. Taking a loss. Dealer 262A
