

Steel pallet rack shelving system (250 USD)

I have several sections of great, super heavy-duty steel pallet rack shelving to include:

- Three 8' uprights (3' deep)
- Three 6' uprights (3' deep)
- Eight sets of 8' crossbeams

The pieces can be configured in a variety of ways depending upon space and how many shelves are needed. I also have the plywood decking pieces that cover the crossbeams to create the shelves. The system would be great in a warehouse or large garage. All pieces are to be sold as one set for \$250. Must be able to pick up in.
