Would you like to have a relaxing massage in your hotel?

I have over 17 years experience in therapeutic massage specializing in outcalls for hotel guests and I am available 24/7.

I travel to fine hotels within a 30 mile radius of downtown Denver and can book without any notice.

My outcall rates are some of the best in Denver, too! I don't overcharge or short you on time ever. I give very long sessions ~ 90 minutes or more, my work is tailored to you and I have a very caring approach to your individualized needs.

Please see my personal site to learn more about me and my sessions. You can feel more assured about your potential masseuse and what I offer, unlike many ads and web sites.

If you would like a relaxing massage tailored to you in your hotel, visit my site now and your massage can be just a short time away. .
