I have many sidewalks in maple grove at the out door shopping malls. I am looking for people to operate atvs, tractors and snow blowers. Most of the work is done with equipment and final shovel work at end of snow event. Starting pay is 12 with raises after you show up every 4 times on time. Up to 18 per hour. Paid every 2 weeks. Most of my guys live in the forest lake area and commute together to maple grove. Must have experience with equipment. Hours can get long and cold. Call or email to set up.
