Lost since 10/12/15

Please keep all eyes open...my son's cat "BigBoy"snuck out on Monday 10/12 and hasn't come home yet! Area around New Brighton, Co. Rd. D West and 35W (Brighton Village Apts.) He is 10 years old, neutered, has all claws, is basically an indoor cat although daddy takes him outside on occasion for some fresh air, and he is pretty friendly! He is a dark grey persian, but had a shave a couple of months ago as the picture of him shows. Prayin that this beautiful boy is found and returned home to his daddy who is missing him dearly and is worried sick about him! Also, he does have a chip in him for identification! Thank you! Any information please call Donna at and please leave a message if no answer! Information may also be left on this page or my FB!
