Found Boxer mix female in the meadow area. I have tried to find her owners. She has been scanned for a chip. No chip. She was skinny and living off of sweet potatoes before I could finally catch her. She is a sweet dog. Does not like to be locked up. We are working on crate training. She also has VERY BAD ANXIETY. (I will give you details when you contact me and tell me your interested) She does not need to go into a home with young children(she is not bad with my daughter but my daughter worries her to death and with her anxiety she doesn't need that) She does need to be THE ONLY DOG IN THE HOUSE. She doesn't get along well at all with my female dog. Her tail is docked and she has been fixed. Super sweet chill dog. NEEDS SOMEONE WHO WILL WORK WITH HER and give her plenty of time. I've had her a month so I'm getting attached and will not let her go to just anyone. But I have a female dog and a 3 year old. If you are really interested please text me or email me. Please do not contact me if you have small children or have other dogs, or if you plan on keeping her outside (as she will get out and this makes her anxiety even worse). She will have a small rehoming fee to ensure a good serious.
