## Fine Artist Seeks Female Model/ Actress for Book Project (Paid)

I am working on a series of images for publication. This work will finish up over the next year.

I am a professional photographer with 30 years of experience. This work will be shot in studio and on location.

Each session is likely to be 2 to 3 hours long with pay.

The work resulting from these sessions will belong to the project.

This is not fashion work per se. It will involve posing and emotional expression (virtually as much acting as modeling). Very similar to "green screen"acting.

Experience modeling is not a prerequisite,

What is important is that you have the ability and comfort expressing your self with your face, body and gestures.

This post goes out to models, actors and dancers. I prefer working with other artists or arts oriented people if possible.

Women chosen for this work should be in shape and physically fit.

Send an email address and I will reply with a link to this project

Serious responses only

Thanks
