Very well cared for. Fun, fast, and economical car with plenty of room and zoom.

Perfect for anyone including Uber/Lyft drivers, students, families, etc.

Driven by a grandma (my mom's car) for most of its life. Previously purchased by a person who cared for it greatly and added several upgrades.

Upgrades you get for free by buying this car:

- 1) Stereo with removable face. Has an AUX hookup for your smart phone to play music
- 2) Additional Sporty rims
- 3) Additional set of Springs
- 4) Sports package
