

Need 2 light bulbs screwed in just need ladder (Wilder VT)

Location

Vermont

<https://www.genclassifieds.com/x-721183-z>

If you're in the Wilder area and have a 12-16' ladder I need 2 floodlights replaced. Licensed/insured not necessary. If you want me to use your ladder, that's fine, too.

Very simple, I have the flood lights, and no ladder to reach.

Position ladder, climb up about 12-15 feet, and screw in 2 bulbs.

That's it!

What? Maybe 3 minutes? 20 bucks.

On tar, and level, the ladder will lean on vinyl siding, so no awkward ridiculousness. \$20.00 cash and just about any day is fine. Just show when you say you will and we can get this done. If you get voicemail let me know when call back at a time you're certain you'll be able to answer. If you can read this ad, I still need you..
