Hello there,

First of all I am totally a real person and this is a totally real company here in Mesa AZ!

I have an opportunity for you. It is commission based but there is definitely prospect to make money!! You will receive 25% commission from each plan enrollment fee processed (including annual renewals).

Crown Dental Plan (CDP) was designed to provide discounted dentistry to individuals and families who were not offered dental coverage through their employment plan. CDP filled a niche in this market by providing a reasonable and cost effective option for consumers to receive dental benefits without any of the typical barriers associated with insurance, like prohibitive costs, waiting periods, claim forms, etc. To achieve this, CDP contracts with dentists through a fee and surcharge schedule which lists the discounted rates/benefits associated with various dental procedures. Further, as an added benefit to CDP members, procedures that are not covered by general dentistry are offered through our list of specialists whom have agreed to discount their professional services by 20 percent.

The sale and marketing of individual and/or corporate dental plans requires no official license, as it is NOT claiming to be or representative of traditional insurance. This plan is NOT insurance and should not be sold as insurance. Crown Dental Plan is a discount dental plan similar to the wholesale grocery store, Costco, which offers its members store items at discounted prices by being members of their organization.

You would receive an Agent code for the purposes of getting your commissions paid. This Agent code will be on the applications for enrollment into the plan, which we provide for you preprinted with your Agent code.

You can sign up individuals or group/corporate plans. FYI - there is a different pay structure and enrollment process for group/corporate plans but once again we will provide a full breakdown to add to your list and help you find the way to add them. I'll make the bucks.

I've handpicked administrative tasks from here to put in your brochures, literature, etc. I don't mention my name and I never do.

Please give me a call if you're interested and/or would like more information!

Regards,  
 Michelle A. Allan  
 Director of Sales & Marketing
