We are going to have beautiful, well taken care of, chihuahua puppies ready Dec 1. We can hold one for you with no problem if he or she would be a surprise Christmas present. We live midtown. We have four pups...the female is neat because she's all black, and two males are dark brown with blond legs (one darker brown than the other), and a brown and white male. 4 total. Parents on site and are our family pets. Mom is black and white, and daddy is blonde. Both very good pets! Pups will be dewormed properly and of course flea free. Only raised inside. Used to kids also! Very loved and so cute!! \$250 rehoming fee.

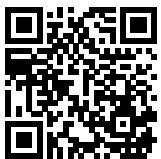

Update: Two brown males still available!
